AN ADDRESS TO VOTERS OF KENTUCKY

Issued by State Committee
— on —
CONSTITUTIONAL AMENDMENT.

Gentlemen: At a Commercial Convention of the State of Kentucky, held in the city of Louisville on the 2d, 3d and 4th days of June, 1903, the undersigned were appointed a committee for the purpose of bringing the amendment to the constitution of the state which is to be voted upon at the November election this year, to the attention of voters of all parties in the state, and obtain for it the necessary number of votes to secure its adoption.

The amendment is purely a non-partisan measure, vitally affecting the interests of all citizens of the state, no matter what their party affiliations or occupations may be, or where their places of residence are situated.

The beneficial effects which will follow the adoption of the amendment are so vast that they can hardly be estimated. The evil that will result, if by any chance the amendment should fail of adoption, will be disastrous in the extreme to the best interests of the state.

The adoption of the amendment will not change in the least the present system of taxation in Kentucky for state and county purposes, as it applies only to taxes levied by cities and towns for their own local purposes.

The manfacturers, merchants and financial institutions in the cities and towns of our state are now tremendously handicapped in competing with those in other states by the provision of our state constitution which requires the same ad valorem taxes to be levied on all personal property by cities and towns, for their local purposes, as is levied by them on real estate within their boundaries.

This provision does not exist in other states in which the competitors of our manufacturers, merchants and financial institutions are located, so that our people in these lines of business are at a great disadvantage in competing with those of other states, and the result is that our existing industries do not grow as they should, new industries are not established in our state in as large number and importance as in other states which do not possess anything like our natural advantages, but in which taxation is not nearly so burdensome and onerous as in Kentucky.

The provision of our constitution which the amendment, after its adoption, will cure, also operates to drive capital from our midst, and compels that which remains with us to charge us higher interest rates when we borrow money than we would have to pay if money used in banking and financial operations was not taxed so exorbitantly for municipal purposes.

Farmers and country merchants of Kentucky, don't make the mistake of thinking the adoption of this amendment of the constitution will not beneficially affect you.

If you want existing factories in our towns and cities to grow, so as to give employment to more men; if you want new industries to be established, employing still more men; if you want more consumers for your farm products and more buyers at your counters; if you want lower interest rates when you borrow money; if you want to lessen your state and county taxes; in a word, if you want as much prosperity throughout the length and breadth of our grand old commonwealth as prevails in other states, then vote for the amendment, and get your neighbors to vote for it.

Every existing factory enlarged, and every new factory brought into Kentucky through this amendment to our constitution, means Lower State and County Taxes, for all the property thus brought in will go to swell the assessments for state and county purposes, which will enable the rate to be reduced.

Let the amendment be adopted by an overwhelming vote in its favor.

A Dirty Scheme.

Feeling that the verdict in the Caleb Powers case has cast a blight upon the entire Republican organization in Kentucky, the Republican leaders in the pending campaign have resolved to make it an issue in the election for Governor. To this end a gigantic plan has been formulated, and has practically been launched, to solicit a national contribution from Republicans, and to call upon the Republican National Campaign Committee for financial aid that the chances of Morris Belknap, the Republican nominee for Governor, may be strengthened, and in the event of his success, a pardon for Caleb Powers is to be issued, absolving him from all criminal accountability for complicity in the Goebel conspiracy and for which he has recently been convicted.—Jackson Hustler.

Judge Redwine has withdrawn from the race for the Democratic nomination for Circuit Judge.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

THE HERALD.

SPENCER COOPER. : : : : Editor.

HAZEL GREEN, KY.

THURSDAY, : Sept. : 10, 1903.

Our Candidate for President,

WM. RANDOLPH HEARST,
OF NEW YORK.

MASS conventions have been called to meet at the county seat in the respective counties composing the Twenty-third Judicial District on Saturday, the 12th inst., to select delegates to the general district convention, which meets at Beattyville on Tuesday, Sept. 15th, to nominate Democratic candidates for Circuit Judge and Commonwealth's Attorney, respectively. So far the only announced candidates are Hon. D. D. Sublett, of Magoffin county, for Circuit Judge, and A. H. Stamper, Esq., of Wolfe county, for Commonwealth's Attorney. Now, if every Democrat will do his duty these gentlemen will surely be the nominees. No man deserves the votes of his party who is not willing to support his party organ, for upon the paper depends the success of the party in all, or nearly all its battles, and its support should be borne by those whom it supports. Some candidates are too penurious to patronize the paper by announcing, and yet if they get the nomination they expect the paper to carry their names on the ticket and battle as valiantly for them as though they had paid it value received. Any fair-minded man must agree that such individuals are undeserving the paper's support and unworthy the suffrage of the voter. THE HERALD has no hesitancy, therefore, in saying in very plain English that all who become nominees without having announced in its columns, must make good the amount of the fee if they expect its support. This in justice to those who do support the paper with their patronage.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c at all druggists.

WITH the firm belief that William Randolph Hearst, of New York, has the interests of the great common people more nearly at heart than any living leader of any political party, and that he is sincere in his devotion to the cause of the masses, we this week present him as our choice for the presidency. Our space is so very limited that we can say but little about him this week. Suffice it that he is a Democrat, and in all his public utterances and acts he has demonstrated his friendship for those who labor for a living, and in turn he has been endorsed by every labor organization in the land, &c. Next week we will tell our readers more about him, and soon we hope to double the size of our paper, so that we can acquaint our readers with his every public act and utterance. Meanwhile believe what we here say, that he is today the best friend the toiling masses ever had, and if elected, his policy will be for their betterment.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by all druggists.

READ on our first page "An Address to the Voters of Kentucky." It is of vital interest to all, without regard to politics, and is published for the information of all. As it will not again appear in our columns, because we badly need the space, we beg that you read and remember it. On the same page, immediately following the Democratic ticket, is the amendment to the constitution which the legislature will be asked to enact. Read it, and through THE HERALD tell the people what you think about it. In this way our representative can get the sense of his constituency on the subject and know how to act.

A Boy's Wild Ride For Life.

With family around expecting him to die, and son riding for life, 18 miles to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, colds, coughs and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c. and $100. Trial bottles free at all druggists.

THE following message, per telephone from Campton yesterday morning, is self-explanatory and fully settles the question to which it relates: "Spencer Cooper, Hazel Green, Ky.—Editor HERALD: You may tell your readers that I am authorized to say that Judge D. B. Redwine is in no sense a candidate for the Democratic nomination for Circuit Judge, and would not accept the nomination if tendered him. The Judge earnestly desires harmony in the Democratic ranks, and will lend his great skill and best endeavors to secure the election of the Democratic nominee at the coming election. C. C. FULKS."

Curt Quicksall is our friend and we are glad to record that in joining the Benedicts he has won a lady worthy his devotion, and we congratulate her that she has for her own a bread-winner of ability and ambition. What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at all druggists.

Miss Corda Brenneman, of Valeria, visited THE HERALD home on Monday morning last, and informed us that she is now assistant teacher in the Clifty school, Taylor Center, Jr., being the principal. Miss Mary Brenneman, her sister, is again assistant teacher at Torrent, where she taught last year with entire satisfaction.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by all druggists.

Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

The report in our last issue stating that Breck Jones, of Lee county, had been found on the Ivy patch Branch, with a bullet through his head, seems to have been a mistake, as the report is denied by Cal Jones, a brother of the man reported to have been killed. While we obtained our information from an apparently reliable source, we are glad to know it was untrue, not only for the sake of Mr. Jones and his family, but because it frees the community of a dark reproach. —Jackson Hustler.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The Legislature appropriated $60,000 for a College home for young women and $30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

THEDFORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Thedford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Thedford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and $1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend Thedford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

Sept. 7. PRESTO.

"As Usual," Says The Hustler.

Some of the natives of Wilhurst neighborhood became so zealous and carried away in their usual sport and pastimes that the more peaceable element became alarmed at the furious storm of stray bullets, which flew much thicker than usual, and sent an urgent call for help to the officials of Jackson. Captain Longmire, with a detail of four men, responded promptly to the appeal, taking the first train over the O. & K. for the scene of disturbance. The Captain and his men arrested four of those who are said to have been leaders in the trouble, and brought them to this city Saturday evening and placed them in jail to await trial, which was had on Monday, before Judge Hargis. Those arrested were John Hays, Thomas Taulbee, Fox Banks and John Hollon, each of whom was charged with shooting on the public highway. After hearing the evidence, the court entered a fine of $50.00 each against Taulbee, Hollon and Hays, while Banks and Hays were each placed under a peace bond of $500; Taulbee and Hollon were also put under peace bonds in the sum of $1,500 each. As we go to press the parties are still in jail, being unable to give the required bond.—Jackson Hustler.

Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now,' and cast it aside. On the morrow a crape on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the
